

## INTRODUCTION

**With talents that established him as a Fortune 500 leader and professional stand-up comedian, Garrison Wynn, CSP, fuses comic timing and research to show how anyone can help create a culture of safety. He is authentic – a guy who's been there. Wynn is a chemical plant explosion survivor with a background in industrial instrumentation. For 20 years, he has given keynote presentations to clients such as Exxon, BASF, the National Safety Council, Behavioral Science and Technology (BST), the NFL, and NASA. In his teens, he debuted the world's first video gaming system with baseball legend Hank Aaron; and as a young man, Wynn spent six years touring comedy clubs with the top names in the business before going on to create industrial products still being sold in 30 countries.**

**Please welcome Garrison Wynn.**
